

Curriculum Vitae

Md FAHIM RAHMAN

Email: rffahim12@gmail.com

DOB: 12/03/2000 | Nationality: Bangladeshi

House No. 12, Upazilla: Dinajpur Sadar,

District: Dinajpur, Post: 5200, Country: Bangladesh

Linkedin: <https://www.linkedin.com/in/fahim24/>

A. CAREER OBJECTIVE

Maximizing technical capacity and enhancing knowledgebase in the arenas of ‘soil, water and environment’ and ‘Research and Research communication’. Intend to work toward sustainable solutions in the context of global change.

B. ACADEMIC CREDENTIALS

Name of Examination	Institute	Group/ Discipline	Duration	Graduation Year	Result (GPA)
B.Sc. (Honors)	Khulna University, Khulna	Soil, Water and Environment	2020 - Present	2024*	3.48 (Out of 4) (Up to 3 rd year)
H.S.C	Birsreshtha Munshi Abdur Rouf Public College, Dhaka	Science Studies	2018 – 2019	2019	4.83 (Out of 5)
S.S.C	Mohammadpur Model School And College, Dhaka	Science Studies	2016 -2017	2017	5.00 (Out of 5)

C. KEY COMPETANCE

Field specific skills –

- **Soil:** Soil profiling; horizon nomenclature; soil sampling; soil physical and chemical properties identification and analysis (quantifying soil acidity, soil electrical conductivity, organic carbon and organic matter, moisture content, bulk density, textural class, particle size distribution micro-aggregate analysis of soil, cation exchange capacity, percent base saturation, sodium adsorption ratio and exchangeable sodium percentage); identify and characterize common rocks and minerals; mini pit description, identification of diagnostic horizons, physical and chemical analysis and classify soils on the basis of US Taxonomy, FAO-UNSCO and WRB classification systems.
- **Water:** Water sampling; construction and interpretation of hydrograph; water quality analysis; water quality monitoring.
- **Environment:** Community analysis of a particular ecosystem.

Research and survey

- Apt in Synopsis development, Quantitative research design, Tools design & Piloting, Data collection and data cleaning, Quantitative data analysis, Appropriate data visualization, Results interpretation and a range of report writing.
- Soil Survey.
- Land Use Survey.

Data Analysis and Visualization:

- Statistical analysis through MS Excel.
- Microsoft Office Suite: MS Word, Excel, MS PowerPoint.
- Video Creation.
- Graphic Designing.
- Advertising Copywriter

Geo-Spatial data analysis and visualization:

- Capable of georeferencing, geoprocessing, spatial statistics extraction, spatial analysis and advanced cartography using ArcMap.

Technical Skills:

- Can operate Electrode pH meter and EC meter.
- Can operate Flame Emission Spectroscopic meter, Distillation Apparatus, Kjeldahl Digestion Apparatus, Titration Apparatus etc.

Work Experience:

- 2024 (May- Present), Head of Business Development, Lexicon British Council Examination Venue.

(As the Business Development Lead at Lexicon, I manage all marketing campaigns and materials, handle sponsorship deals, plan and execute discount strategies, organize seminars, visit potential business locations, participate in job fairs, and arrange competition-building events to enhance brand presence and foster growth opportunities.)

Language Skills:

- Bengali: Mother tongue
- English: Proficient user

IELTS Score:

Overall 6.5	Listening 7.5	Reading 6	Writing 6	Speaking 7
-------------	---------------	-----------	-----------	------------

Communication skills:

- ☐ Strong advocacy, communication and networking skill (gained through attending:
 - 03 December 2024; attended an insightful talk by Prof. Dr. Mohammad Shamsudduha (IRDR, UCL) on soil-water salinity dynamics in Southwest Coastal Bangladesh.
 - 27 June 2024, attended the National Seminar on "Awareness Building Campaign on Adverse Impact of Climate Change".
 - 29 May, 2024; Participated in research to impact symposium (Water and Soil Salinization risks to food security, Health and Environment)
 - 28 May, 2024; Participated in an international webinar on Water Conservation (In-conjunction with water conservation education and awareness program)
 - 16 March, 2024; Participated in career development workshop in Khulna University Job Fair 2024.
 - 23 July, 2023; Participated in a seminar on National Used Cooking oil mission for Bangladesh by MÜNZER Bangladesh Pvt. Ltd.
 - 05 August, 2023; Participated in a survey among farmers who cultivate crab in Coastal Region of Bangladesh.
 - 30 August, 2023; Volunteer in Three Minute Thesis Competition 2023 at Khulna University.
 - 09 September, 2023; Event Planning and Management, Leveraging the sustainable development goals to enhance Environmental sustainability in Bangladesh.
 - 24 September, 2023; Participated on a seminar on Contemporary Research in Soil, Water and Environment Discipline.

- 17 October, 2022; Participated in a session about Youth community enlargement with BRAC Microfinance Team.
 - 10 October, 2022; Hosted Banglalink Ennovators 6th edition roadshow in Khulna University.
 - 05 December, 2021; Participated National Soil Olympiad 2021.
- Effective liaison maintaining skill (gained through organizational experience).

Leadership and Organizational / managerial skills:

- Leadership (skill developed through role-play as:
- 2023-2024, Secretary, **Rotaract Club of Khulna University** (Social Welfare Organization)
 - 2023-2024. President, **Pedon** (Student Welfare Association of Soil, Water and Environment Discipline)
 - 2024, Head of Promotion, **TEDx Khulna University**.
 - 2024, Convener, **Sizzling Soil** (A BBQ event with all the students and alumni of the SWE discipline)
 - 2024, Organized **Mastering Your CV and Corporate Grooming** by Shantanu Roy (Head of HR, Anwar Group of Industries)
 - 2024, Arranged a seminar on **Financial Literacy Program** with IFIC Bank PLC.
 - 2022-2023; Chair, Community Service Committee, Rotaract Club of Khulna University
 - 2022-2023; Education and Information Secretary, Pedon
 - 2020-2024; Founder, **Thoughts Behind the KU** (Online Based Club of Khulna University)
 - 2024; Directed a Higher Education related seminar named “**Mastering IELTS and Study Abroad**”
 - 2020-2024; Fund collection for social events like winter cloths distribution, Eid Gifts, Scholarship and Educational material distribution, tree plantation, Autism Child, Old age home, Sustainable change of a family, Campus Cleaning etc.
 - 2023; Organized **World Soil Day-2023** at Khulna University.
 - 2023; Coordinated **European Film Festival 2023**. Ambassador and Head of Delegation of EU, *Charles Whitele* was present there.
 - 2022, 2023; Executed a public speaking competition titled **Talking Titans- Speak to Lead** in Khulna University.
 - 2023; Executed a school event in **World Water Day-2023**.
 - 2023, Captain, Soil, Water and Environment Discipline Cricket Team.
 - 2022; Chair, **Khulna University Job Fair-2022** organized By Khulna University and Rotaract Club of Khulna University.
 - 2022; Executed a seminar on **Adolescent Health awareness** in a remote upazilla of Khulna named Koyra.
 - 2022, Convener, Executive Committee, Fresher’s Reception, Khulna University.

D. RESEARCH WORK (Unpublished)

2024: *Shrinking of cropland and associated reduction of crop production and diversity: a thread to food security of future Bangladesh.* Supervisor: Professor Md Sanaul Islam, BSc thesis submitted in the Soil, Water and Environment Discipline, Khulna University, Khulna.

E. Field and Lab Reports: *(submitted in the Soil, Water and Environment Discipline, Khulna University as a part of Curriculum).*

2020, February: Soil profile study in Batiaghata, Khulna. Tasks - profile opening; horizon nomenclature; sampling techniques for soil, water and plant; determination of some physical and chemical properties of soil.

2020, March: Hydrologic data collection and field water balance interpretation - A field study. Tasks - estimating different hydrologic components and their functions, data collection and interpretation; construction and interpretation of hydrograph; identifying the level of subsurface and groundwater.

2022, March: A field Study on the identification, quantification and characterization of soil minerals in Sylhet Region (Srimongol, Jaflong, Lawachara Rain forest, Bichanakandi).

2022, February: A lab report on “Water Resources and Water Quality Sessional/Field Work”. Tasks- a. Analysis of water quality: laboratory analysis of different parameters of water sample and grading; b. Water quality monitoring.

2022, September: A field study on “Soil Ecology and Ecosystems Sessional/ Field Work in Khulna University”. Tasks- a. Diversity measurement of an ecosystem; b. Community analysis of a particular ecosystem. c. Estimation of biomass of carbon, nitrogen and phosphorus.

2023, December: A field study on “Soil Erosion and Conservation Sessional/Field Work”. Tasks- a. Measurement of slope; b. Contour line formation by A-frame; c. Construction of inward and outward bench terrace; d. Jhum cultivations- its advantages and limitations and drawing suggestions for improvement.

2023, December: A report on “Geographic Information System Sessional”. Tasks- Developing spatial database, GIS map and database, Spatial analysis.

2024, September: A report on “Soil Classification and Soils of Bangladesh Sessional/Fieldwork”. Tasks- Mini pit description, identification of diagnostic horizons, physical and chemical analysis and classify soils on the basis of US Taxonomy, FAO-UNESCO and WRB classification systems.

F. AWARDS AND GRANTS

- 2024; Best Community program Chair Award 2022-2023.
- 2024; Outstanding Rotaractor of the Year Award 2022-2023.
- 2023; Rising Star of the Year Award 2021-2022
- 2023; Runner Up, Inter University Cricket Tournament 2023.
